

# CHOOSING OUR FUTURE

It's time for bold transformation of our city's public schools. Join the hundreds of Fresno families and educators who have come together to ensure the Fresno Unified School Board commits to transform schools by May 2018.

## HERE ARE THE STEPS YOU CAN TAKE

### PLEDGE YOUR SUPPORT

Sign on as a supporter of Choosing Our Future and stand up with hundreds of other Fresnans committed to making change for our students. Then, invite your friends to sign on, too!

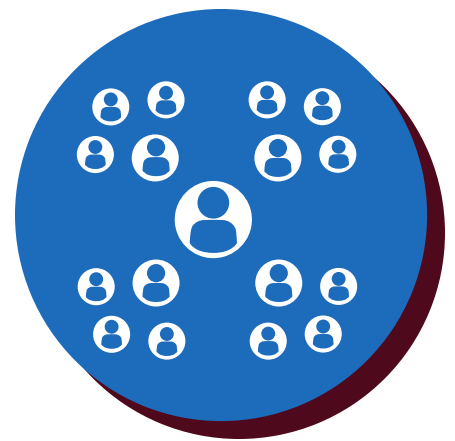

### ATTEND CHOOSING OUR FUTURE EVENTS

Show up for our students. Be sure to attend our events for important updates, opportunities to engage, and fellowship with other Fresnans deeply committed to change!

### GROW THE MOVEMENT

Creating bold change takes more than just great ideas, it takes people power! Help us connect with even more Fresnans through various volunteer outreach opportunities.

### CRAFT THE REPORT

Help us as we bring together the latest data, research, policies, and practices in our Choosing Our Future 2.0 report, which will include policy recommendations for FUSD.

### TALK TO BOARD MEMBERS

Our decision makers must hear directly from families and educators about the urgent need for big changes. Join other Fresnans for a meeting with your FUSD board member!
